The accessibility of this tourism resource has been analyzed by experts

General Information

En el Mallorca Planetarium se enseña cómo es el universo, las estrellas y los planetas. En el Mallorca Planetarium hay cursos para aprender astronomía y observar planetas y estrellas. También hay sesiones de observación con telescopios acompañados de un monitor. El Planetarium tiene dos partes: una parte es el edificio principal. En este edificio están la recepción, la "sala planetarium", la "sala meteoritos" y los servicios. Otra parte es la "Zona de estelarium", que es como un nave de exploración de la Luna. Además está el observatorio "Astroplai" con telescopios para observar planetas y estrellas, 2 de las 5 cúpulas de observación están adaptadas y señalizadas con el SIA Desde el edificio principal a la zona de estelarium hay un camino al aire libre.

Entrance

Entrance: No slopes

✓ Name of the tourist resource clearly visible and legible

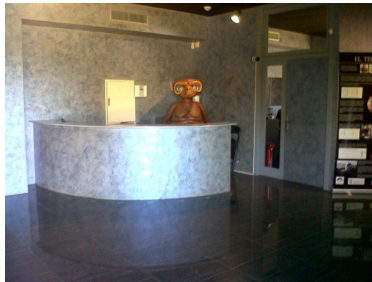

The entranceway analysed is: The main one
